

August 2021

Dear Faithful Ones,

Another late prayer letter, no excuses, we seem just to have a lot of irons in the fire these days. Thanks for your prayers, we are glad to report no more deaths these past few months among full time ministry workers that we know personally. They all recovered or recovering, praise the Lord!!

We are making advances on the church building in la Molina (Iglesia Biblica Bautista la Molina — IBBM) as you can see by the picture. For our August 29 anniversary project is an entrance ramp and glass doors about where you see the flag. We had to move to the second floor to meet the 40% occupancy and social distance requirements. As you can see in the the photo below of part of the Sunday morning attendance. So for now we have room to grow even with the restrictions in place.

Hopefully, we can soon meet with 50% occupancy. Our prayer is that the new government here will soon relax some of the double masking and face shield restrictions, sooner than later. They are now vaccinating 30's age group and up.

In spite of it all, a dozen or so have been saved in the two churches in the past few months. The IBB Zarate church continues to search for a pastor. Pray we can conquer the fear on all sides, to witness to the lost and to baptize soon. We still broadcast all in person services live because many still fear to attend in person.

Just think what we can do TOGETHER,

DM Harmon

THANKS FOR YOUR FAITHFULNESS!
