

APRIL 2023

Dear FAITHFUL Supporters,

Unplanned as such, this letter (from PERU) has become our first quarterly prayer letter report for 2023. The knee cap resurfacing (done state-side) went well and has healed on the outside; it will take a couple more months to completely heal interiorly. The 3 to 5 flights of stairs three times daily (or more) in our apartment here will help in my recovery.

While stateside & recuperating, we sat in on some of our nearby supporting church services, and also reported back to our sending church, Fellowship Baptist in Perryton, TX. I preached in just a hand full of other churches who faithfully support us. In one of those, during a missions conference in Washington state, a professional photographer provided us with an updated quality photo we will now use in our prayer letters. We hope you will use it as well.

The four months stateside turned out to be our first medical furlough. We had all kinds of tests and Doctor's visits. Changed some medications and have made lifestyle changes based on the results. Now we have returned to Peru with a clean bill of health, considering our age of course. 🙄 Debbie celebrated her 69th birthday on April 4th with our family state-side, the next day we flew back to Peru.

Pastor Saul has done well these first four months in la Molina as the new pastor, which pleases us as the founders of IBBM. For now, we will help to strengthen his ministry at least for a few months to come. We will teach an Old Testament survey course via zoom (a new ministry tool) to church members one day a week and help as needed in the Sunday School and with the church missions outreach.

Just think what we can do TOGETHER

Thanks for your Faithfulness!
