

July-August 2020

Dear Prayer Warriors,

Thank YOU for your prayers and faithful financial support during this unprecedented GLOBAL COVID 19 pandemic. ¡¡GREAT NEWS in the middle of this whole mess!! Our eight yr. old granddaughter, Taylor, was saved at a reservation only, social distanced (with 50% capacity restriction), mask- wearing church service here in Maryland. :-)

PERU CORONA VIRUS SITUATION

Since March 15th, the country of Peru has been in a lockdown, home-bound quarantine. I personally knew two Peruvian pastors, who have died of the corona virus. Many of our Baptist congregations have had members, family, and friends diagnosed with the virus, some of whom have been called on to heaven. Some say that over 40,000 have died to date in all of Peru. Hospitals continue to be overwhelmed and most who arrive for help are sent home to fight it on their own.

Just this past Sunday was the first time, in over 100 days, since anyone could legally leave their homes on Sundays. Church services are banned along with many other kinds of gatherings. Services continue to be broadcast using different forms of social media via the internet. Pastor Raul led a man in Spain to Christ via the internet, after he listened to a couple of live broadcasted services.

COVID EMERGENCY FURLOUGH

After soul searching, prayer, and counsel, we have decided to officially start an Emergency COVID Furlough. From July through December, we plan to focus on ministering to pastors and churches on the North East coast. Our target area will be from Virginia to New Hampshire. We hope to encourage and challenge about missions, giving, evangelism, or any other area needed, in English &/or Spanish. We have been in local church ministry since 1976, almost 45 years. Since March, PERU has closed its borders with no commercial flights in or out. We plan to continue as your faithful missionaries, and after reporting to supporting churches, and hopefully others as well in the N.E., returning to Peru LORD WILLING at year's end.

When you settle on a date or dates for us to come report back or even visit you for the first time, please contact me as soon as possible. You can write to me at my @hotmail email address below, or call / text: 202-725-4813 or 806-416-1944.

We will be based out of Severna Park, Maryland and can drive to any meeting scheduled in the North East.

Just think what we can do together,

Your missionaries

Max & Debbie Harmon
