

Sept. / Oct. 2020

Dear FAITHFUL ones,

We do appreciate your prayers for safety driving on the road, and from COVID while stateside. By the time you read this posted letter we will have visited churches in New York state, Massachusetts, West Virginia, New Hampshire, and of course Maryland (our temporary COVID furlough base of operations.)

To travel we have been required to take the nasal test twice now. Unbelievable, that I have had to fill out such forms (see below) to cross a state line and stay overnight in the USA: (Similar forms, I have used many times in Peru over the years for travel permissions etc. Including for my taxi ride to the US embassy in Peru to get on a repatriation flight back to the States this last April.) —

PERUVIAN CORONA VIRUS STATUS :

Since March, PERU has closed its borders with no commercial flights in or out. Many rumors hint at airport opening before years' end; we will wait and see.

Meanwhile, the death rate remains high as does the infection rate. It has adversely affected our pastors and churches in many ways.

We plan to continue as your faithful missionaries, and regularly visit other area churches new to us in the North East.

We have planned our return to Peru in January of 2021, LORD WILLING!

Just think what we can do together,

Your missionaries

Max & Debbie Harmon
